Summary

I have extensive skills in HTML, CSS, Sass, React JS, TypeScript, JavaScript, Redux, JS DOM, Firebase, and MongoDB. I'm driven to expand my knowledge and actively pursue learning opportunities.

Professional Experience

Frontend Development

- Developed responsive user interfaces with HTML, CSS, Tailwind CSS, and Daisy UI.
- Built complex single-page applications (SPAs) using React JS to enhance user interaction.

Backend Development

- Designed and implemented RESTful APIs with Express JS and Node JS.
- Proficient in managing and querying NoSQL databases such as MongoDB and Firebase.
- Utilized Axios for efficient HTTP requests and data management.

Skill

- **Frontend:** HTML5, CSS3, Tailwind CSS, Sass, Bootstrap, Daisy UI, React JS, TypeScript, Redux
- **Backend:** Express JS, REST API, Node JS, Axios, MongoDB, Firebase
- **Tools:** VS Code, Vercel, Netlify
